Celebrating 40 Years of Raintree Club: A Legacy of Community, Wellness, and Excellence

PRESIDENT'S MESSAGE

Dear Members,

As we swiftly move through the year, transitioning from the vibrant celebrations of Chinese New Year to the joyous festivities of Raya, I extend my warmest greetings to all our Muslim members: Selamat Hari Raya!

Several maintenance projects had been done on the clubhouse. At times it seems to be taking an interminably long time to make progress, but finding the best solutions involves deliberations. Here, I would like to thank the General Committee and Tender Board for providing ideas and good suggestions in the effort to spruce up the Clubhouse.

It has been excruciating to have rainwater come into the main lobby. For a long time, the existing skylight needed repair. The easiest way to repair was to remove the skylight and replace it with roof tile. But that would have cut off the natural light that would stream down into the lobby through the beautifully designed ceiling screens. Thanks to the insistence of a member of the Tender Board, we went to great lengths to find a specialist contractor to repair and upgrade the skylight. The original skylight was an acrylic panel, and now it is replaced with laminated tinted glass. The outcome, seeing natural light streaming into the lobby space, was satisfying.

Other projects included repairing the Metal Deck roof of the sports pavilion. We would be looking for a contractor to paint the roof to prevent further corrosion to this 40-year-old roof.

The three outdoor tennis court refurbishment is set to commence in mid-June. Kudos to Tennis Organizing Committee and Tender Board in negotiating the contract.

We had engaged a Consultant to advise and assist in the tender for the solar PV project. Contractors were prequalified based on set criteria agreed with the Consultant. Currently, the tenders are being evaluated. We expect the installation to start in early July.

The General Committee has engaged a new club caterer, someone who is familiar with the Club. Dino had been our caterer before the pandemic. We welcome him back. Members, get ready to indulge in delightful culinary experiences. Your feedback on your experience would be most helpful for us to keep improving our processes.

Our calendars are brimming with activities. For our tennis enthusiasts, swimmers, and those who revel in related activities, the convenors have planned a series of events for the coming months. Whether you're a seasoned player or a beginner eager to dive into new experiences, there's something for everyone to enjoy and to engage in Club Fraternity.

Your participation and enthusiasm are what make our club vibrant and thriving. Let's maintain our close fraternity as a community, fostering enduring friendships and crafting treasured memories together as we journey forward. Let's make a splash together!

Happy Clubbing!

Prioritizing Your Safety: A Friendly Reminder for Our Beloved Seniors

As we continue to navigate these times together, your safety remains our top priority. We want to take a moment to share some essential reminders to ensure your well-being:

1. Upon Waking Up:
Take your time: Allow yourself a few moments to wake up slowly and avoid sudden movements.
Stretch gently: Incorporate light stretches to improve flexibility and increase blood circulation.
Use support: If needed, utilize nearby furniture or a stable surface to assist in standing up.

2. Using the Stairs:
Hold onto the handrail: Always use the handrail when ascending or descending stairs for added stability.
Take one step at a time: Don't rush; focus on placing one foot securely on each step before proceeding to the next.

3. In the Bathroom:
Install grab bars: Consider installing grab bars near the toilet and in the shower for added support.
Non-slip mats: Place non-slip mats on the bathroom floor to prevent slips and falls.
Adequate lighting: Ensure that the bathroom is well-lit to help you see clearly and navigate safely.

4. Maintain Social Connections:
While physical distancing is crucial, maintaining social connections is equally important for mental well-being. Reach out to friends, family, or neighbors regularly, even if it's through a phone call or video chat.

5. Home Safety Check:
Take a moment to assess your living space for any potential hazards. Ensure that pathways are clear, install handrails if needed, and make necessary adjustments for a safer home environment.

6. Emergency Preparedness:
Have an emergency plan in place. Share important contact information with someone you trust, and keep necessary supplies easily accessible.

7. Outdoor Safety:
Wear appropriate footwear: Choose comfortable, non-slip shoes for stability when walking outdoors.
Be mindful of the weather: Take precautions in adverse weather conditions, such as using an umbrella or wearing proper footwear.

Your well-being is paramount, and these simple tips can contribute to a safer start to your day.

TENNIS ARTICLES

The 2023 tennis year culminated with the club championships for members taking place over four weekends in November and December. There were five events - mens and ladies singles, mens and ladies doubles and mixed doubles. For the first time we also held club championships for the Next Gen 18 and under and Next Gen 12 and under. Participation in these events was extremely good with over 100 members playing.

The start of 2024 has been busy for our tennis playing community. Events include a Carnival, Next Gen Medal, Grand Slam Social Sunday, Social Night and Ladies Social.

The singles league (ROSTL) kicked off the 2024 edition in February. More than 40 players are already active in the league, which will run through to September. In April, we welcomed the tennis team from Penang Swimming Club for a tennis friendly.

The Interclub Premier League has been expanded in 2024 from eight (8) to twelve (12) clubs from the KL and Klang Valley area. For the first time Raintree has two teams participating, which means more than 50 players are involved this season. The 2024 season began in April and will conclude in September.

Badminton Carnival 2024 held on 19th April 2024

After all the festive holidays which started with the Chinese Lunar New Year in Feb 2024 and Hari Raya in April 2024, the BOC felt it was time to hold its first badminton carnival of the year which was held on 19 April 2024.

This long awaited event attracted a total number of 24 members, many of whom were enthusiastic badminton players in their 50s and 60s. Though the Badminton Organising Committee had looked forward to some younger members to participate in this event, this did not materialise, perhaps due to their lack of awareness of what this carnival is all about.

For the benefit of members who have not participated in any badminton carnivals before, this event is not just about playing badminton and enjoying the fun but it also provides a good opportunity for members to socialize and interact with one another. The Badminton Organising Committee will divide all the participating members into 2 teams of more or less equal strength, and a Captain for each group will be appointed to do their pairing. In most events, only doubles matches will be played as it is less taxing on the members. The doubles pairing in both teams will play against each other and points will be awarded for a win or a draw. The team that wins the most points will be declared the Champion. After the event, all the participating members will adjourn for dinner and drinks at Lilasari restaurant.

This will be the highlight of the carnival where members will be feted with a sumptuous dinner followed by prize presentation to the Champion and Runners Up team.

For this event, Stanley Tan and Lee Chong Fatt were appointed Captains for their respective team, namely Captain Marvel and GI Joe. Both the Captains were entrusted to put up their best line up for all the 8 matches to be played. All the players had a good time on the court trying to outplay each other and after the completion of the 8 matches, it was clear that the Captain Marvel team had emerged as the Champion garnering a total of 11 points vs. 5 points. Although the competition was stiff, but there were also a lot of fun seeing the players enjoying themselves in court.

The final match of the carnival ended about 7.30pm and by 8pm all the members had gathered at Lilasari restaurant for a sumptuous dinner and drinks. For the first time, the BOC had also arranged for the sports office to set up a mobile karaoke at Lilasari for members to belt out their favourite songs. It was really a memorable and unforgettable evening as after a short speech by the Convenor and prize presentation, all the participating members had a good time enjoying the singing from its very own talented singers. At last, it was time to call it a night at about 12 mid-night.

BOOK APPRECIATION GROUP

Book Appreciation Group (BAG) – A bag of chocolates

So many books, so little time! Do you happen to be one of those whose reading can't keep up with book-acquisition due to lack of discipline?
If so, the BAG is the perfect club to be a part of to complete at least a dozen reads a year.

Year 2024 started off hopefully and with enthusiasm, with everyone feeling with the sense of a new beginning on a fresh new slate.
Thus, it was almost an irony that BAG kicked off its monthly read with the January book titled **'The Sense of an Ending'** by acclaimed writer **Julian Barnes**, whereby the plot twists at the tail end of a mundane man's life forces us to ponder on our own 'what-if's' and misunderstood incidents in our own lives. During this read, I found myself looking up and pausing a lot to reflect on the accuracy of my own memories - fully intended by Barnes' for the book to explore the elusive nature the 'Truth' as it is invariably complicated by memories, and time.

For February, we travelled back to impoverished Ireland in the 1930s-40s following the life of **Frank McCourt** in his Pulitzer Prize misery memoir **'Angela's Ashes'**; a highly entertaining read deeply punctuated in candid, colloquial Irish dialect. Despite a childhood of pain, hardship and suffering, McCourt describes how he viewed and dealt with his circumstances with the logic of a child, both despairing and rejoicing at the simplest daily life situations.

The following month of March brought us to the cold, bleak wilderness of Newfoundland in another Pulitzer Prize book, **'The Shipping News'** by American writer **Annie Proulx**. A book best savored for Proulx's unusual prose style writing (some may have found it a bit challenging), makes a satisfying read of redemption for the protagonist Quoyle. As one who starts off identifying as a failure in life, New York-born Quoyle finds himself (and love) as he navigates a new life in the home of his ancestors.

'The Storm We Made' by **Vanessa Chan** was April's read. Probably one of the most anticipated reads (based on BAG's Whatsapp group pre-discussion), several members disclosed it as their fastest read, in one sitting. The ease of language was not the only contributing factor to this, but the story plot set in Japanese-occupied Malaya, made the circumstances relatable to many of us. Personally, this was the hardest book to stomach for the description of atrocities done onto local children. Following a theme of consequences, it's with pride to say Kudos to Malaysian author Vanessa, for her debut novel!

Finally for May/June, the chosen book was one of a lighter tone. **'The 100-Year-Old Man Who Climbed Out of the Window and Disappeared'** by **Jonas Jonasson**, is no doubt a mouthful of a title, and almost following suit in the random yet intricate adventures of Swedish centenarian Allan - who on at the eve of his 100th birthday celebration decides that he couldn't care any longer and, yes climbs out of his care home and experiences the most epic adventure. I'd say this book could be enjoyed for its light-hearted tale involving a diversity of historic personalities; or (like me) felt overwhelmed with unrealistic plots and the writer's outlandish idea comedy.

So far, attending Raintree's BAG has proven to be a bag of chocolates, paraphrasing the famous quote by Forrest Gump. You never know what book will be suggested next, and from there - the revelations, knowledge, emotions and wonder you can experience with a friendly and genuine group of readers.

We meet once a month, on Sunday afternoons at 2.30pm...and which specific Sunday to best suit the members' schedule.
Trust me, you will definitely find it worth your while to sacrifice the siesta hours once a month for a lively book discussion, not to mention sponsored food and drinks :)
