The Raintree Club of Kuala Lumpur

An Invitation To The Good Life

PRESIDENT'S MESSAGE

A reflection on our progress, priorities, and the road ahead

As I write what will be my final President's Message before my term concludes at the forthcoming Annual General Meeting in September, I do so with a deep sense of gratitude and pride. Serving the club has been both an honour and a privilege, and I remain thankful for the opportunity to work alongside so many committed individuals who care deeply about its future.

Throughout this term, the General Committee has remained steadfast in its focus on sound governance, careful deliberation, and proper process. These principles have guided our discussions and decisions, ensuring that the club continues to move forward with responsibility and purpose. At the same time, we have never lost sight of what matters most to our members: maintaining high standards, improving facilities, and ensuring that the club remains relevant, welcoming, and responsive to evolving expectations.

A number of important projects are now progressing well. The lift project remains on schedule, with installation set to commence on 22 July 2026. The Outdoor Tennis Court Roofing and Resurfacing Project is also advancing steadily, with an architect appointed to secure approval from DBKL and the tender expected to proceed in August 2026. Meanwhile, the pickleball courts at the Sports Pavilion have completed the tender process, and following the Tender Board's recommendations and the General Committee's approval, the courts are expected to be operational by August 2026. These developments reflect our continuing commitment to enhancing the member experience through practical and forward-looking improvements.

There is, of course, still much to be done. Yet any progress made during this term has only been possible because of the dedication and support of the General Committee and our various Sub-Committees. Their willingness to meet, deliberate, debate, and contribute thoughtfully has been invaluable. It is through this collective effort that we have been able to make decisions that are measured, prudent, and in the best interests of the club.

I would also like to acknowledge Ms Bibi Mumtaz, who has led the management team as Deputy General Manager since March this year. Under her leadership, and with the continued support of the General Committee, I am confident that the club will keep raising its operational standards and delivering the level of service and hospitality our members rightly expect.

As this chapter draws to a close, I extend my sincere thanks to everyone who has contributed in ways both visible and unseen. The strength of our club has always rested on the commitment of its people, and I have every confidence that this spirit will continue to guide it toward an even stronger future.

Warm regards,

IR BRUCE CHAN

CLUB UPDATES

LIFT INSTALLATION PROGRESS UPDATE

The Club's new passenger lift project is progressing according to schedule.

Project Timeline

March – May 2026: Lift design finalisation and manufacturing.

Late May – July 2026: Shipment from the manufacturer to Malaysia.

July 2026: Civil and electrical preparation works, followed by delivery to the Club.

Late July – Mid August 2026: Lift installation, testing and commissioning.

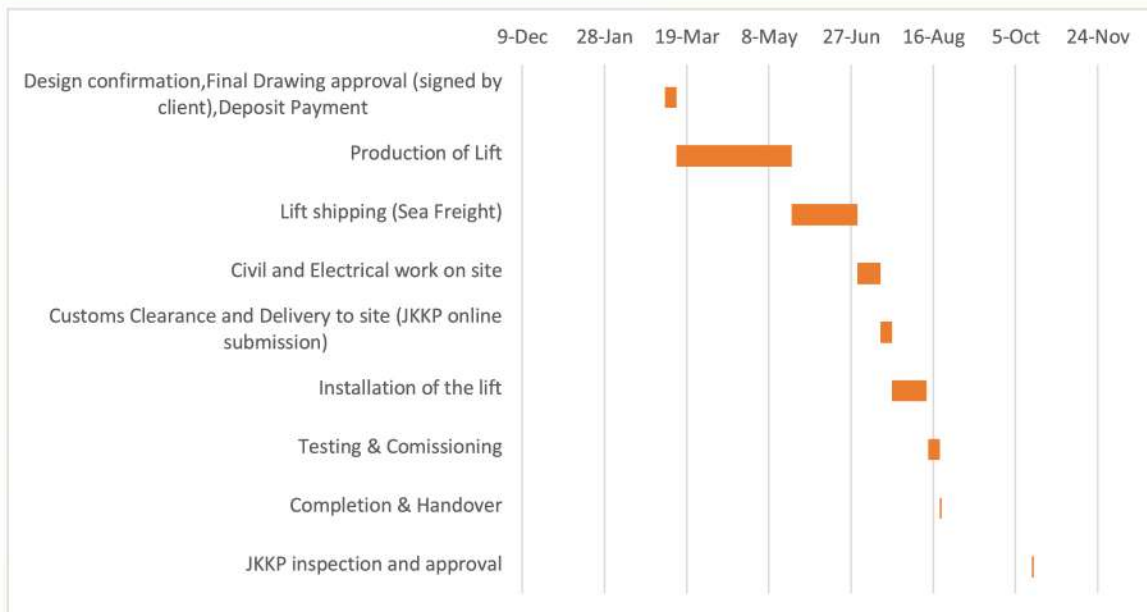

Expected Completion: 20 August 2026, subject to shipping schedules.

Image shown is for illustration purposes only. Final appearance may vary.

Following completion, the lift will undergo the mandatory inspection and certification process by the Department of Occupational Safety and Health (JKKP/DOSH). This statutory approval is expected to take approximately 14 to 16 weeks after the lift arrives in Malaysia and customs clearance is completed.

Management will continue to keep Members informed of the project's progress and appreciates everyone's patience while this important facility enhancement is being completed.

****JKKP process can only take place after lift arrived released by customs as we need the customs K1 form for application. (JKKP process will take 14- 16 weeks)**

****Orders during December–January may face delays due to winter and holidays in Europe/UK. Turkish lifts may also be delayed if production coincides with Hari Raya Haji or Hari Raya Puasa.**

CONVERSION OF 3 SQUASH SINGLES COURTS TO 2 PICKLEBALL COURTS

In October 2025, the GC decided to proceed with converting 3 squash singles courts to 2 Pickleball Courts. One squash singles court will remain. A total of 15 indicative quotes were received at early stages, with 7 bids at the formal stage. 3 contractors were shortlisted and invited to re-bid and interviewed. As of today, the successful tender has been awarded and work should start within the month of June, with an eye to opening for members to play in August.

OUTDOOR COURT ROOFING & RESURFACING PROJECT UPDATE

After extensive deliberation, it was decided to appoint an architect to guide the club through:

- design of the roof
- obtaining planning approvals
- the tender process for construction, and
- the installation and final certifications for the structure

The architect was appointed at the end of April and has begun work on the design and the planning approvals.

We have also been speaking with various suppliers on potential types of roofing materials. Once again, we decided on a design basis which prioritizes minimizing glare (ability to see the ball against bright outside light) over heat management. Hence, we are looking at materials which:

1. allow significant amounts of sunlight through (hence reducing contrast with the outside sunlight)
2. deflect UV and IR rays (aiming for a 4-5 degree centigrade difference from under the direct sun).

A testing station has been established on the court hut at court 7. Light and temperature readings have been measured for study.

During the month of May, we intend to have a final design of the roof confirmed and to begin planning submissions to the relevant authorities. The tender for the roof construction is expected to begin in August. This means work will begin in October, subject to planning approval, and complete in December with handover in 1Q 2027 for court resurfacing.

We are well aware of the eagerness from the membership for the completion of the project and hope for patience and understanding as we navigate the process and hope to achieve a balanced end result, given the design compromises.

MANDATORY MEMBERSHIP CARD SCANNING FOR ALL CLUB FACILITIES

This is a reminder that all members are required to present and scan their valid Membership Card when using any Club facility, particularly at the Food & Beverage outlets.

As the Club's billing system requires a successful Membership Card scan before any transaction can be processed, staff will be unable to accept or process orders without a valid Membership Card. This requirement is in accordance with By-Law 2.2.2, which requires members to produce their Membership Card when using Club facilities.

Members are also reminded that Membership Cards are strictly personal and non-transferable. The use of a Membership Card by any guest or unauthorized person is a breach of the Club's By-Laws.

This measure helps ensure accurate billing, prevent unauthorized use, and safeguard members' privileges.

Members are kindly requested to carry their Membership Card whenever visiting the Club. Should your card be lost, damaged, or require replacement, please contact the Membership Department for assistance.

We appreciate your understanding and cooperation.

On behalf of the Management and Members, we extend our sincere congratulations and appreciation for their well-deserved achievement. We look forward to their continued success.

Raintree Riang Raya

16 APRIL 2026 | 12 PM - 4 PM | LILASARI

The spirit of Hari Raya came alive at Lilasari as staff members gathered for the much-anticipated Raintree Riang Raya 2026 celebration. Filled with delicious food, warm conversations, and plenty of laughter, the event was a wonderful opportunity for everyone to come together and celebrate the festive season as one big Raintree family.

Dressed in their festive best, colleagues from various departments exchanged greetings, shared stories, and enjoyed a well-deserved afternoon away from their daily routines. The atmosphere was vibrant and cheerful from the moment the buffet opened, with everyone eagerly queuing up to enjoy an impressive spread of Raya favourites.

From hearty servings of traditional dishes to sweet treats that satisfied every craving, the food was certainly a highlight of the day. The buffet line remained busy as staff happily returned for second helpings, proving that good food is always at the heart of a great celebration!

Beyond the delicious feast, the event provided a chance for team members to strengthen friendships, reconnect with colleagues from different departments, and create lasting memories together. Tables were filled with laughter, friendly banter, and countless photo opportunities as everyone embraced the festive spirit.

Events like Raintree Riang Raya remind us that while we work together every day, it is equally important to celebrate together. The gathering served as a meaningful reminder of the values of friendship, gratitude, and togetherness that Hari Raya represents.

A heartfelt thank you goes to everyone who contributed to making the event a success. Your enthusiasm, participation, and festive spirit helped create an afternoon filled with joy and unforgettable memories.

RUN TOGETHER. HAVE FUN. MAKE MEMORIES!

6 JUNE 2026 | 7:15 AM

The Raintree Club proudly celebrated a significant milestone in its sporting history with the successful organisation of its inaugural Hash Run on 6 June 2026. As the very first event of its kind to be introduced by the Club, the programme brought together 25 enthusiastic participants, comprising members and staff, in a vibrant celebration of fitness, fellowship, and community spirit.

The morning commenced with participants assembling at the Club Lobby, where the Sports Department ensured a smooth and efficient registration process. Event coordinator Mr. Muhammad Aidil was on-site from 6:25 a.m. to oversee all preparations and ensure the programme ran seamlessly. Registration was ably managed by Ms. Fatimah, while Mr. Amir warmly welcomed participants by distributing the official event wristbands.

At 7:00 a.m., participants were gathered for a comprehensive event briefing, covering the day's itinerary and safety guidelines before joining an energetic warm-up session led by Mr. Aidil. The atmosphere was filled with excitement and anticipation as everyone came together to embrace this new sporting initiative. A group photography and videography session followed, capturing the enthusiasm and camaraderie shared among participants.

The Hash Run officially flagged off at 7:18 a.m. from The Raintree Club car park, with runners making their way along the picturesque route surrounding Tasik Ampang Hilir. Upon reaching the designated checkpoint, participants paused for another memorable group photograph before receiving a final route briefing. To encourage participation at all fitness levels, runners were offered the flexibility of completing either a single lap for a leisurely experience or two laps for those seeking a greater challenge.

Throughout the event, the Sports Department, together with the Food & Beverage Department, ensured the comfort and well-being of all participants by providing refreshments and mineral water at the checkpoint, allowing everyone to stay hydrated while enjoying the morning activity.

Upon completion of the run, participants returned to the Club to enjoy a delightful fellowship breakfast featuring the ever-popular combination of Nasi Lemak and Teh Tarik. Sports Chairman Mr. Yeoh Sek Khoon presented a door gift hand towel to all participants. The breakfast gathering provided a warm and relaxed environment for members and staff to mingle, exchange experiences, and strengthen the bonds that make The Raintree Club community so unique.

MOVE BETTER, FEEL BETTER

A WORKSHOP FOR CLUB MEMBERS

29 MAY 2026 | 11:00 AM - 12:30 PM | CERATING HALL

Building Better Movement for a Healthier Lifestyle

The Raintree Club continued its commitment to promoting health and wellness by successfully organizing the Move Better Workshop on 29 May 2026. The event brought together members for an engaging and educational session focused on improving mobility, posture, and overall body mechanics.

Registration commenced at 10:50 a.m., where members were warmly welcomed and invited to enjoy coffee and refreshments before the programme began. The workshop officially started at 11:00 a.m., led by the experienced instructor, Mr. Nigel, who introduced himself and shared the objectives of the session.

The workshop provided participants with valuable insights into the body's natural movement patterns and the importance of maintaining proper muscular and skeletal alignment. Through a series of guided exercises and stretching techniques, members learned effective methods to increase flexibility, relieve muscle tension, and enhance everyday movement.

A major highlight of the session was the emphasis on correct posture and body positioning. Mr. Nigel demonstrated practical techniques to help members maintain proper spinal alignment

and avoid common postural issues, such as rounded shoulders and a hunched back. Participants were also taught safe movement practices and simple exercises that can help prevent lower back pain and reduce the risk of injury during daily activities.

The interactive nature of the workshop encouraged active participation, with members enthusiastically engaging in each exercise and appreciating the practical knowledge shared throughout the session. The positive atmosphere and hands-on approach made the event both enjoyable and highly beneficial for all attendees.

The programme concluded successfully at 1:20 p.m., with members leaving the session equipped with valuable techniques to support a healthier, stronger, and more balanced lifestyle.

The Move Better Workshop stands as another successful wellness initiative by The Raintree Club, reflecting the Club's ongoing dedication to enriching the lives of its members through meaningful health and fitness programmes.

Children's Arts & Craft Activity

26 APRIL 2026, SUNDAY | 2:30 PM
CHILDREN LIBRARY

April and May are always special months in the Raintree Children's Library, as our crafting activities focus on creating heartfelt gifts for children to present to their parents on their special day.

For Mother's Day, the children decorated beautiful wooden flower cards. One little girl loved her creation so much that she wanted to keep it for herself instead of giving it to her mother!

For Father's Day, the children made personalized booklets expressing their love and appreciation for their fathers. It was heartwarming to see them leave the Library with their "secret" gifts, excited to surprise their parents.

The greatest reward was knowing that these handmade creations would bring smiles to the mothers and fathers who received them.

On June 14th our Children's Library came to life with six children, two Raintree staff members and two Library Committee members for a craft session. The children made a woollen pom pom with the guidance of the adults. The children got to choose their own colour wool and had fun creating their pom pom. A lot of working with scissors was required for this activity which was challenging for the younger children. As the children left the Library with their own pom pom in hand - one girl had already attached hers to her water bottle as a decoration.
