PRESIDENT'S MESSAGE

Dear Members,

2020 has been an extremely challenging time for everyone due to the COVID 19 pandemic. The Club is no exception. Most of our sports, recreation and social activities have been affected by the different Movement Control Orders imposed by the authorities from March onwards. Some difficult decisions had to be made by the Management and the General Committee in order to comply with the SOPs set by the National Security Council. There was never any intention to target any particular sports or recreation sections; nor did we wish to deprive Members of the use of any of the Club's facilities. However, we hope Members will understand the need for the measures introduced. Our main consideration throughout has been and remains the safety and well-being of Members and staff. Let us remain united in this respect.

The third wave of the pandemic, with high numbers of infections reported throughout the country and especially in the Klang Valley, is worrying. Recent cases reported at TPC and RSGC are a stark reminder that we at the Club cannot afford to let out guard down. There is a need to stay vigilant and safe at all times. We can only hope that the vaccines now thankfully emerging will be available soon. But until they are and the numbers of Covid-19 cases have fallen substantially, we all need to comply with the SOPs put in place by the authorities, such as temperature screening, scanning with the MySejahtera app and, most importantly of all, physical distancing and wearing face masks. Everyone has to play their part, as the Health DG recently reminded us. In this connection, we once again ask that you all co-operate with our staff when reminded to comply with the SOPs while at the Club. It is for the safety and well-being of everyone.

At the recently concluded AGM, most of the previous General Committee were re-elected. On behalf of the General Committee, I would like to thank the Members for their trust and support in giving us a fresh mandate to continue our services for the Club. As provided under the Constitution, I have also co-opted Mr Lawrence Lee and Datuk Tho Yow Yin as General Committee members to bring more depth to the team. We will continue to strive to make the Raintree Club a better club for our enjoyment. As usual, the General Committee welcomes any sincere constructive suggestions from Members for the benefit of the Club. Please email them to our dedicated feedback email address (feedback@raintree.com.my).

Finally, let's hope that the year 2021 will be a much better one. Wishing all of you a Merry Christmas and a Happy New Year!

Best Regards,
Peter Lim

TRANSFER OF MEMBERSHIP FROM PARENT TO CHILDREN

ARE YOU 60 YEARS OR OLDER?

A MEMBER OF THE CLUB FOR MORE THAN 10 YEARS?

DO YOU KNOW THAT

You can now transfer your membership to your children for a transfer fee of RM 500+ and still have the rights to access and utilise the club facilities at the same time.

This is under the new Rule 37A, which was passed at the **EXTRAORDINARY GENERAL MEETING HELD ON 12 MAY 2019.**

Rule 37A. Transfer of membership by older Members

Upon reaching the age of sixty (60) years or older, a person who has been a Member of the Club for not less than ten (10) years (the Transferor) may transfer his membership to one of his children (the Transferee). In which case the Transferee will become an Ordinary Member with all the rights and privileges accorded to Ordinary Members under the Rules.

The Transferor and his/her spouse will then be deemed and treated as family members of the Transferee (i.e. Privileged Persons) with rights to access and utilise the club facilities, but will not be entitled to attend General Meetings of the Club nor have any voting rights and shall have no claims to the property and assets of the Club. A transfer fee as provided under Rule 35 (b) shall apply.

For more information, you may contact Liza at +603-42579066 ext. 158 or email her at liza@raintree.com.my.

The Story of the bowling center of Raintree Club

When the Raintree Club was completed in 1983, it was the first transferable membership club in the country and the most prestigious in design. Designed and built in collaboration with the Ayala Group of the Philippines, it showcased similar country club designs common in America and Manila. In the initial years Raintree Club was also by far, the most expensive club membership in the country.

Among the excellent facilities for members was a popular bowling center which came with a little coffee lounge and was very well patronized by people of all age groups. Indeed it was full most nights and even saw league matches.

In recent years, sadly, bowling seems to have lost its allure and the facilities have fallen into disuse. The space is big - almost 6,000 square feet in area and includes washroom facilities.

The General Committee welcomes suggestions from members how we can best use the space as it is unlikely we will keep the bowling center. Please let our General Manager know if you have any ideas.

Happy Clubbing with the Raintree of Kuala Lumpur and seasons' greetings from the GC.

A Reading Affair Beckons

Reading may be a solitary pastime, but it doesn't have to be so.

Reading in group amuses and unleashes the mind in a thousand splendid ways like playing a game of sport with sparring partners satisfies and pleases the body in a hundred glorious moments. Juxtaposing points of views and ideas in a discourse can take on the dynamics of ping-pongs, tennis balls or shuttlecocks bouncing off the racket and ricocheting in a reverse trajectory towards a new universe. It leaves you gasping for more.

The Book Appreciation Group (BAG) opens up a new space for book lovers and readers to meet and connect, and offers one more reason for us to cast our footprints in the club long before the days arrive when our joints and knees and muscles start to pull and creak and groan in hurtful protests to the punishment of fearless strides, reckless hops and careless leaps over courts and mats and floors. Long before we concede a retreat from the vigor of active sports.

BAG members are bookish as they are sporting – among us are famous sports addicts in the club. Everyone gets the chance to pick a book, and read it too. We set no rule on genre or theme. If a book resonates with you, share the good news: we will connect you to members in your sphere of interest and organize a reading. Some of us might join you too.

A reading session may stretch to 120 minutes, always shorter or longer at the mercy of the reader, at his mesmerizing power; and naturally, at our own whims and fancy. We cater to only one reading level: everybody's. So you need be no prolific reader, neither do you have to have eyed every word and flipped every page to join a reading session. You are most welcome just to sit in and listen – yes, without so much as having heard of the book, but... but... it sure helps if you do.

BAG invites you to come join the world of great stories and story-sharing. Be captivated by the invented universes of fictional imaginings. Be illuminated by the non-fictional and the real, where the truth can be stranger than fiction, almost every time.

Mark the date! Come First Sunday, stroll into Dahlia Room at 2:30pm, and join Yeo, Marcel, Anthony, Mariel, Foong Tsin, Nicolas and Daniel for an afternoon of friendly fire to ignite your passion for reading, and for thinking into the deeper meanings of life.

And after saying goodbyes – until we meet again, you will most surely remain good in time and high in spirit to indulge in your favorite sports at 5pm and beyond, as the sports addicts in us actually do.

What a marvelous fusion of mind and body, right here at Raintree!

By Daniel Chi, Book Appreciation Group (BAG)

A Reading Affair Blooms

BAG is all about reading, and read we did in the past three months and read we will continue into the final month of an eventful 2020, as we gaze into the New Year, and a more hopeful 2021.

BAG kicked off its first reading session on 6th October, 2020 with 6 attendees. Fahrenheit 451 (Ray Bradbury), read by Nicholas Ashby, is a timeless classic that opens and shocks in the very first sentence: It was a pleasure to burn. The fiery images an act of burning conjures, of heat, of destruction, annihilation and obliteration are gruesome enough; what more when burning metamorphoses into a personal pleasure, an obsession?

On 4th September, Marcel Papp read The Visit (Friedrich Durrenmatt, a.k.a The Visit of the Old Lady), the story of young love died too soon, of life ruined forever, of revenge for a miscarriage of justice for which someone must die and something must give. It is the perfect crime: everyone enjoy the good fortune of being a murderer and dispenser of justice all at once, and reap the rewards too. Morale and loyalty are put to severe test. What price is revenge? Can revenge ever be sweet that ends in satisfaction and happiness?

BAG marched into session 3 on 1st November. Foong Tsin led the group down the treacherous paths of war-torn Afghanistan in A Thousand Splendid Suns (Khaled Hosseini), a story of unlikely friendship and family spanning two generations and three decades amid forced marriages, domestic violence and struggle for survival in a country in conflicts; and the eventual triumph of love and hope.

In session 4, on 6th December, Daniel Chi read The Old Man and The Sea, the famous Hemingway classic about the fate of an old fisherman drowning in utter despair of a long harvest drought destined to test his friendship with the young boy he loves and what remains of his legacy and pride. What ensues is one of the most moving stories ever written on man and nature. Of human spirit and endeavor and perseverance in the face of a looming defeat and in the twilight of life.

Moving forward into 2021, Mariel Fong will read with The Tipping Point (Malcome Gladwell). The trail of great adventure and discovery goes further beyond, with Yeo making a debut in The English Patient (Michael Ondaatje) in February, Marcel reading Embers (Sandor Marai) in March and Foong Tsin dissecting the BIG QUESTION of Being Mortal (Atul Gawande) in April, and so on and so on...

Let's hope BAG will bloom and blossom and spread the secret pleasures of reading to a growing number of Club members. Turn page after page, every 30 days, on the First Sunday. One new story and one new writer at a time. And endless delightful moments.

Reading is chic as playing a sport, minus the aches. Come join the fun!
And Happy New Year too!

APPRECIATION NIGHT CONVENORS & SUB-COMMITTEES 2018/2020

12 SEPTEMBER 2020 | 7.30 PM | CERATING BALLROOM

Appreciation Dinner for Convenors and Sub-Committees

As the terms of office of all convenors and sub-committees of the Raintree Club were due to expire at the AGM held in September 2020, the General Committee decided to organize a dinner as a token of appreciation for all their hard work and dedication in organizing events and activities for Members over the past two years.

Held on 12th September 2020 at the Cerating Hall, the event started with a speech from the President, Mr. Peter Lim. He warmly thanked the convenors and the members of their respective committees. He also urged Members to come and vote at the upcoming AGM.

Those present were treated to a buffet dinner by our in-house caterer, as well as light music to accompany the festivities throughout the evening.

LINE DANCE Jamming

3 October 2020 | Mid-Autumn Festival

Line Dancing resumes at the Raintree!

On 3rd October 2020, the Line Dancing Committee led by Mdm. Esther Choo organised a jamming session at the Raintree Club. This was the first recreation event at the Club since the MCO came into force earlier this year. To ensure the safety of participants, it was held in accordance with the strict guidelines set by the Sports Office.

To mark the Mid-Autumn Festival, the Cerating Hall was decorated with paper lanterns and flowers. A total of 15 regular members and guests took part, including instructor Ms. Lily Chin. The line dancing kicked off at 2.00pm and, after a tasty lunch break served by the Coffeehouse, the event curtain closer took place at 4.00pm.

A good time was had by all. It was great to be back on the line dance floor after so long!

PREPARING YOURSELF FOR BADMINTON

Badminton injuries usually occur due to overuse: from repetitive stress to the affected parts of the body. Without a proper stretching session to warm up before starting to play a game, there is a substantial risk of injuries to common body areas such as the shoulder, elbow and wrist. Meanwhile, injuries involving the lower limbs, such as ankle sprains and patellar tendonitis, can be caused by sudden movements like jumping and turning.

In addition to a warm-up, a cooling-down session involving a light jog and gentle body stretching after playing is a must. This allows for a gradual recovery of the player's pre-game heart rate and blood pressure, and also reduces the risk of muscle soreness later.

Further tips and reminders for Members

For your information, the surface of the badminton courts at the Raintree Club is designed only for non-marking badminton shoes. It is recommended to wear a pair of shoes that fit snugly, are comfortable and lightweight, and have good grip on the court surface in order to protect your feet from sudden sharp movements. Shoes should also preferably have good cushioning-support to absorb the impact on your feet during movements.

To further improve safety on the courts, the Badminton Organising Committee has decided to install customised protective cushions to the metal bases of all four badminton poles. These protective cushions will help to minimise injuries to any player who accidentally falls and hits the metal base. Members are reminded not to sit or stand on these cushions.

Finally, coaching by Coach Kantha is still ongoing during the RMCO, but subject to strict SOPs for health and safety reasons. Members should check with the Sports Desk for information on the availability and schedule of coaching.

OBJECTIVE

To challenge and play against players above you in order to move yourself as high as possible up the Raintree Ladders

About the Raintree Tennis Ladder

The objectives of the Raintree Tennis Ladder are to promote more tennis interaction amongst members, provide a platform for competitive play in a fun & friendly environment, increase participation of the tennis community and set an example for Raintree as a Tennis Friendly club.

The Ladder is in its fourth year, with 16 pairs participating in the Open Doubles and 24 players in the Men's Singles. In total, there were 67 doubles matches played and 44 singles matches played.

Today, we run 2 categories in the Ladder. The first is the Open Doubles.

The Open Doubles is a participation of Ladies & Men forming their respective partnerships. This is the first of its kind of organised competition that bring together Ladies & Men in the same competition. We have Ladies pairs, such as Juliette/Cherrie, mixed pairs, such as Safia/Marcel, Men's pairs, such as BT Lau/Washio, and even youngsters like Raina/Razlan.

The second is the Men Singles Ladder. A straight forward competition with a season ending playoffs akin to the ATP Tour Year End Finals.

Moving forward

We hope to attract more participation on 2021 for the Open Doubles. The Open Doubles ladder is already moving in a positive direction with more matches played than the Mens Singles even though there are fewer teams.

We plan to end the 2021 ladder earlier, by October so we have more time to plan for 2022 ladder. One of the plans for 2022 Ladder is the relaunch of the Ladies Ladder, and possibly a Junior/Senior Ladder if there is enough interests from members.
